

Case Management Website – User Guide

1. Introduction

Welcome to the **Case Management Website**! This platform is an all-in-one digital system designed to manage high-value immigration cases (such as EB-2 NIW, EB-1A, and O-1 visas). It connects applicants, legal case managers, petition writers, and quality control reviewers into one clear, step-by-step workflow.

Rather than managing immigration cases through scattered emails and paper files, the website provides a transparent process where every user knows exactly what to do next.

Simple Overall Workflow Concept

1. **Client** uploads personal records, fills questionnaires, and reviews drafts.
1. **Administrator** creates the case, assigns the team, sets deadlines, and manages payments.
1. **Drafter** analyzes the evidence, drafts recommendation letters, and writes the main petition memo.
1. **Reviewer** performs quality control and grants legal approval.
1. **Final Case Completion** takes place when the package is printed, signed, and shipped to USCIS.

2. Login & Getting Started

Accessing the Login Page

Users open the website address in any standard browser to reach the **Login Page**.

How Users Log In

1. Enter your registered **Email Address**.
1. Enter your **Password**.
1. Click the **Sign In** button.

What Happens After Login

Once logged in, the system verifies your credentials and automatically opens your role-specific workspace dashboard:

- **Super Admin** → Redirected to **Super Administrator Control**
- **Administrator** → Redirected to **Administrator Control Dashboard**
- **Drafter** → Redirected to **Drafter Workspace**
- **Client** → Redirected to **Client Workspace / Case Overview**

Each role sees a customized navigation menu on the left sidebar containing only the tabs and tools relevant to their responsibilities.

3. COMPLETE BUTTON DIRECTORY (WHICH BUTTON OPENS WHAT?)

Login → Dashboard → Onboard Client → Create Case → Assign Team → Manage Tasks/Paym

Step-by-Step Administrator Process

Step 1: Start at the Dashboard (Dashboard Tab)

- Reviews key operational metrics: **Active Cases**, **Pending Reviews**, **Overdue Tasks**, and **Recent Client Updates**.
- Uses quick action buttons to **Create Case**, **Add Client**, or **Schedule Call**.

Step 2: Onboard a New Client (Clients Tab)

- Clicks **Add New Client**.
- Enters client details: Name, Email, Phone, Country of Birth, Current Field, Highest Degree, University, and Citation/Publication metrics.
- Clicks **Save Client**. The client receives account access.

Step 3: Create and Setup a Case (Cases Tab)

- Clicks **Create New Case**.
- Selects the **Client**, **Petition Category** (e.g. *EB-2 NIW* or *EB-1A*), **Field Category** (e.g. *Artificial Intelligence*), **Target Filing Date**, and **USCIS Service Center** (*Nebraska* or *Texas*).
- Assigns the dedicated **Petition Drafter** and **Senior Reviewer**.
- Evaluates initial **Risk Level** (*Low*, *Medium*, or *High*).
- Clicks **Initialize Case**.

Step 4: Assign Tasks & Manage Timeline (**Tasks** Tab)

- Creates specific tasks for the Drafter, Reviewer, or Client (e.g. "*Draft Proposed Endeavor*", "*Upload Degree Certificate*").
- Sets due dates and priority levels (*Low*, *Medium*, *High*, *Urgent*).

Step 5: Coordinate Strategy & Appointments (**Appointments** Tab)

- Schedules strategy calls or legal consultations with the client.
- Selects date and time slots to generate video meeting invites.

Step 6: Track Payments & Milestones (**Payments** Tab)

- Sets up payment milestones for the client.
- Records payments as they are received and updates milestone status from **Pending** to **Paid**.

Step 7: Monitor Communication & Progress (**Communication** Tab)

- Monitors message exchanges between the client and the legal team.
- Uses the **WhatsApp Live Chat** shortcut to communicate directly with clients.

Step 8: Final Review & Package Dispatch (**Reviews** Tab)

- Once the Drafter and Reviewer complete the petition memo, the Administrator performs final checks.
- Confirms physical shipping address with the client.
- Updates the case status to **Stage 13 (Package Assembly)** and **Stage 14 (Case Completion / Filed)**.

6. DRAFTER WORKFLOW

The **Drafter (Petition Writer / Researcher)** is responsible for analyzing client evidence, drafting expert recommendation letters, defining the proposed endeavor, and writing the legal petition memorandum.

Drafter Navigation Flow

Login → Dashboard → My Assigned Cases → Review Evidence → Draft Letters → Write Pe

Step-by-Step Drafter Process

Step 1: Login & Identify Assigned Work (Dashboard & My Assigned Cases Tabs)

- Opens the **Drafter Workspace**.
- Checks **My Assigned Cases** to see all active cases assigned to them.
- Checks **My Tasks** to view upcoming drafting deadlines and priority assignments.

Step 2: Open a Case & Review Client Evidence (Research & Evidence Tab)

- Selects a case to view complete client details.
- Reviews uploaded documents: CV, academic degrees, publication records, and citation reports.
- Analyzes legal criteria:
- For **EB-2 NIW**: Evaluates the **Dhanasar 3-Prong Framework**:
- *Prong 1*: Substantial Merit & National Importance.
- *Prong 2*: Well Positioned to Advance the Endeavor.
- *Prong 3*: On Balance Beneficial to Waive Job Offer & PERM.
- For **EB-1A**: Checks criteria checklists (Prizes, Membership, Media, Judging, Scholarly Articles, High Salary, etc.).

Step 3: Formulate Proposed Endeavor & Recommender Strategy

- Drafts a clear **Proposed Endeavor Statement** describing the client's work and U.S. national impact.
- Identifies 3 to 5 expert recommenders (Independent Experts, Academic Advisors, Industry Collaborators).
- Tracks recommender statuses (*Identified, Outreach Sent, Drafting Letter, Letter Signed, Verified*).

Step 4: Utilize AI Drafting Tools (Babel AI Petition Drafter)

- Clicks the **Babel AI Petition Drafter** button in the top header or sidebar.
- Uses AI assistance to summarize technical documents, generate recommendation letter templates, and outline legal arguments.

Step 5: Author the Petition Memorandum & Submit for Review

- Writes the comprehensive **Petition Memorandum** (connecting client evidence to legal prongs and exhibit numbers).
- Uploads completed drafts under **Petition Drafts** (**Case Templates** tab).
- Updates task status to **Submitted** and moves the workflow stage to **Review & Approval**.

Step 6: Handle Revisions & Status Updates

- Monitors feedback from the **Senior Reviewer** and **Client**.
- If status changes to **Revision Required**, the Drafter opens reviewer notes, updates the draft, and resubmits for approval.
- Once approved, the draft status updates to **Approved**.

7. CLIENT WORKFLOW

The **Client Portal** is designed for applicants to easily track their petition, complete assigned tasks, upload documents, and communicate with their legal team without needing technical skills.

Client Navigation Flow
